

DRAWING AMENDMENTS:

Please note that attached hereto is a REPLACEMENT SHEET for each of Figs. 2 and 10, wherein, as required in the Office Action, reference numeral 7 has been removed from Fig. 2 and the reference numeral 25 has been removed from Fig. 10. Further in this regard it is respectfully submitted that Fig. 1, which was objected to for including the term MEMO-CLICK, should now be deemed to be acceptable because that term has been added to the Specification by this Amendment.
